THE PROJECT

EDUSEXAGE is a KA2 Cooperation partnership in adult education project financed under the Erasmus+ programme.

The coordinator is E-Senior Association from Paris, France, while partners come from Germany, Ireland, Italy, Slovenia and Spain. The official start date was the 1st of November 2021, and the duration is 24 months.

The project tackles the taboo of sexual life in older adults, since sexuality is generally identified with youth, power and attractiveness, and common values often associate sexual life to reproduction. Studies and data, however, show that sexuality in ageing individuals is as important as for younger ones, and it is a topic that needs to be addressed without stereotypes.

OBJECTIVES AND RESULTS

The general objective of the EDUSEXAGE project is to develop a specific training course for retired older people to boost their self-esteem, promote socialization and understand the importance of having an active sexual life.

Expected results are:

- Users' requirements report
- Learning course to empower seniors
- Training for educators
- Interactive Platform

KICK-OFF MEETING

The kick-off meeting of the EDUSEXAGE project took place online on the 14th of January 2022 due to the Covid-19 pandemic situation that did not allow safe travel to the coordinating institution in Paris.

The representatives of all partners joined a fruitful working session, they could know a bit better each other and start planning all the activities that will lead to the creation of the final results. Dissemination plan and financial aspects were discussed as well. The next meeting, and we really hope to meet face-to-face this time, is planned for next April in Slovenia.
